Hi! My name is Mike! My favourite day of the week is Friday.

My school week consists of five days and I love the last one more than others. First of all, because Friday marks the start of the weekend.

On this day, after I come home from school, I can forget about my lessons for a while postponing them to Saturday or Sunday. And then I have the time for fun walks with friends in the yard and for my favorite hobby. I like to play online computer games but on weekdays my parents don't let me do it because of a large amount of homework. But on Friday everything is allowed! We often watch exciting family movies on TV with my parents until nightfall.

However, school mornings on Fridays also seem very special. Everyone is in good spirits, looking forward to the end of the lessons. Teachers are also in a hurry to get home, so they do not keep us longer than necessary at school and do not load us with homework understanding that children need to rest.

Nevertheless, sometimes on Fridays, our school organizes entertainment events: concerts or performances. They are really exciting.

And finally, Friday for me is the day of counting my school victories. If I get a lot of good grades during the week, my parents always prepare a gift for me. For example, a joint trip to the «Oceanarium» or sometimes we can go to a pizzeria. However, even if the school week is not very successful, I do not get upset because I can always work on my mistakes and then, after having some rest, start striving for new achievements.
